EXECUTIVE SESSION(S) AS NEEDED

ADJOURN

WORKSHOP

3:00 6TH CENT WORKSHOP TO IDENTIFY COUNTY PROJECTS

March 6, 2012
Green River, WY

The Board of County Commissioners met this day at 8:30 a.m. in Regular Session with all commissioners present. The meeting opened with the Pledge of Allegiance.

Approval of Agenda

Commissioner West moved to approve the agenda. Commissioner Van Matre seconded the motion. With no discussion, the motion was approved unanimously.

Approval of Minutes 2-21-12

Commissioner Kolb moved to approve the minutes. Commissioner Bailiff seconded the motion. With no discussion, the motion was approved unanimously.

Acceptance of Bills

Approval of Bonds, County Vouchers/Warrants and Abates/Rebates
Commissioner West moved to approve the acceptance of the bills which include the county vouchers/warrants, bonds, and the abates and rebates. Commissioner Bailiff seconded the motion. With no discussion, the motion was approved with Commissioner Kolb recusing himself due to a conflict of interest.

The following bonds were placed on file:

Pat Drinkle	SWCO - County Assessor	$10,000.00
Brian Stouffer	Ten Mile Water & Sewer District - Treasurer	$10,000.00
Lisa Carrillo	SWCO Joint Travel & Tourism Board - Treasurer	$10,000.00
Mike J. Gaviotis	SWCO Solid Waste Disposal District No. 1. - Sec/Treasurer	$ 5,000.00

Public Hearing

Liquor License Renewals
County Clerk Dale Davis presented and requested approval of the Sweetwater County Liquor License renewals dated April 10, 2012 thru April 9, 2013. Chairman Johnson read aloud the following list of businesses renewing their liquor license.

County Retail Liquor Licenses
L.T. Enterprises, dba White Mountain Mining
Ron & Cathy Ronick, dba Ted's Supper Club
Buckboard Marina, Inc. dba Buckboard Marina
Eden Saloon, Inc. dba Eden Saloon
The HUB LLC, dba Mustang Travel Stop
Varley Mercantile LLC, dba Point Bar
Lalene A. Miller, dba Mitch's
Spring Creek Guest Ranch, Inc., dba Spring Creek Guest Ranch
Little America Hotel & Resorts, Inc., dba Little America
JO/ETTA LLC, dba The Travel Camp
Husky Super Stop Inc., dba Cruel Jack's Travel Plaza

County Restaurant Liquor License
Darrell & Carole Kruljac, Inc., dba Cruel Jack's Restaurant

County Retail Malt Beverage Permit
Roger D. Varley, dba Point Merc
Mustang Travel Stop LLC, dba Mustang Travel Stop
Eaton Investments, Inc., dba Farson Feed Store
Little America Corporation, dba Little America Corporation

County Limited Retail Liquor License
Rolling Green County Club Inc., dba Rolling Green County Club.

Chairman Johnson opened the public hearing. Hearing no comments, the hearing was closed. ***Commissioner Kolb moved to approve the liquor licenses dated April 10, 2012 thru April 9, 2013 and authorize the Chairman to sign. Commissioner Van Matre seconded the motion.*** With no discussion, the motion was approved unanimously.

Commissioner Comments/Reports

Commissioner Bailiff
Commissioner Bailiff reported that he attended the 25th anniversary for the White Mountain Library. Commissioner Bailiff explained that he received a resident complaint relative to out of state contractors not having the required Wyoming vehicle registration tags. He noted that Corporal Niemiec verified and reported that all of the Utah vehicles have temporary permits. However, the contractors were instructed by the Wyoming Port of Entry in Evanston not to display their tags due to theft.

Commissioner West
Commissioner West reported that the Southwest Counseling meeting in February was cancelled. He addressed the letter received from Wyoming Department of Health Director Thomas Forslund in response to the resolution that the commission took exception with how crisis stabilization money was disbursed in the western region. Commissioner West met with the Board of Health and acknowledged that Account

Manager Bonnie Phillips has been assisting them to become more independent with their account payables and receivables. Commissioner West reported that he attended the Memorial Hospital Finance Committee meeting and indicated that he will attend the Memorial Hospital board meeting on March 7, 2012 noting that they will discuss investments including a letter of credit extension and bonds.

Chairman Johnson acknowledged that Southwest Counseling Director Linda Acker has done an outstanding job of representing the county's position with crisis stabilization money.

Chairman Johnson requested that, when Memorial Hospital of Sweetwater County looks at construction of the medical office building, they utilize local contractors. Chairman Johnson spoke that the commission should look at placing the bonds or the cost of the medical office building on the 6th cent initiative ballot.

Chairman Johnson

Chairman Johnson reported that he continues to be involved with the Rock Springs Resource Management Plan meetings and stressed the importance of representing Sweetwater County. Chairman Johnson explained that Governor Mead has appointed him to a new 26 member committee to study the ozone issues in Sublette County.

Chairman Johnson requested that Facilities Manager Chuck Radosevich and Deputy County Attorney John Prokos provide an update on legal issues surrounding the bid bonds. Mr. Radosevich and Mr. Prokos explained that both CK Construction and MW Construction bond firms have been notified and they continue to work with the county attorney's office. Mr. Prokos explained that an executive summary will be provided to the commission outlining the options available.

Chairman Johnson requested guidance from the commission concerning the Wyoming State Forestry Division's request to participate in the FY 2013 Emergency Fire Suppression Account. ***Commissioner Bailiff moved that we do not participate, as we never have, and, with funds as tight as they are, it's not a good time to start. Commissioner Kolb seconded the motion***. Following discussion, the motion was approved unanimously.

Commissioner Van Matre

Commissioner Van Matre reported that he attended a meeting for SW Wrap. Commissioner Van Matre reported that he continues to work with I/T Director Tim Knight and explained that final adjustments are being made to the county website and software. Commissioner Van Matre explained that he and VSO Director Denise Boudreault have been working on the budget process and will be meeting with the Lincoln County Commissioners this afternoon to review the Memorandum of Understanding. He explained that Grants Manager Krisena Marchal has submitted the BRC Community Readiness Grant Application for a Workforce Training Facility at Western Wyoming Community College on Thursday, March 1, 2012. Commissioner Van Matre reported that he has visited with County Assessor Pat Drinkle and Account Manager Bonnie Phillips. He echoed the remarks of Chairman Johnson relative to Southwest Counseling Director Linda Acker. Commissioner Van Matre noted that he spoke with a contractor concerning the bidding process and supporting local contractors.

Commissioner Kolb

Commissioner Kolb reported that he attended the Legislative Reception and the Legislative Session. A discussion ensued relative to House Bill 0038 (Coal Severance Tax Industry Factor). Commissioner Kolb reported that he attended two wind regulation meetings and the Fair Board meeting. Commissioner Kolb explained that he met with Granger Mayor Lenore Perry relative to 6th cent projects. He explained that the Wyoming Airport Commission will meet at the Rock Springs City Hall on March 7, 2012 at 1:00 p.m. to discuss a contractual change with SkyWest services and spoke that the commission is invited to attend.

The commission discussed scheduling a 6th cent workshop to identify county projects and requested that Deputy County Clerk Vickie Eastin review future dates.

Commissioner Kolb explained that Carbon County inquired about forming a new Hospital Tax District for the towns of Wamsutter and Bairoil and noted that the inquiry has been forwarded to Deputy County Attorney John Prokos for advice concerning available options. Mr. Prokos explained that the township must go through a hearing process and would be brought before the commission to request the formation of a special district. Commissioner West noted that he will advise Memorial Hospital of Sweetwater County of the inquiry.

County Resident Concerns

Chairman Johnson opened county resident concerns. Deputy County Attorney John Prokos explained that the legislators had approved House Bill 92. Hearing no further comments, the hearing was closed.

Break

Chairman Johnson called for a five minute break.

Action/Presentation Items

Board Appointment- Library Board- Unexpired Term

Due to the library board resignations of John Dahlgren and Nancy Talboom, there are two vacancies on the board with unexpired terms. Following discussion, ***Commissioner Bailiff moved we appoint Diane Filicetti to the library board. Commissioner West seconded the motion to appoint Diane Filicetti.*** With no discussion, the motion was approved unanimously. It was noted that Library Board Executive Director

Scott Kinney is working to obtain more applications and will present them during the next board meeting on March 20, 2012 to fill the second vacancy.

Request Authorization to Fill Vacant Position in Treasurers Office
County Treasurer Robb Slaughter explained that, with David Divis being appointed as Deputy County Assessor, this leaves a vacancy in his office and requested authorization to replace the office manager position with a license clerk 1. Following discussion, ***Commissioner Bailiff so moved. Commissioner Van Matre seconded the motion.*** Chairman Johnson restated the motion to approve the request to fill the vacancy that is created by the moving of Dave Divis into the Chief Deputy position with the County Assessor. With no discussion, the motion was approved with Commissioner Kolb voting nay.

Resolution to Apply for FY2012 CMAQ Funding
Public Works Director John Radosevich requested approval of Resolution 12-03-EN-01, a resolution authorizing Sweetwater County to apply for Congestion Mitigation/Air Quality Funds. Following discussion, ***Commissioner Bailiff moved to approve Resolution 12-03-EN-01 for Congestion Mitigation. Commissioner West seconded the motion.*** With no discussion, the motion was approved unanimously.

RESOLUTION 12-03-EN-01

A RESOLUTION AUTHORIZING SWEETWATER COUNTY TO APPLY FOR CONGESTION MITIGATION/AIR QUALITY FUNDS

WHEREAS, Sweetwater County has identified a need for additional funding for dust mitigation and for the safety and health of the residents of Sweetwater County; and,

WHEREAS, Congestion Mitigation / Air Quality (CMAQ) Grant Funds are available through the Wyoming Department of Transportation; and,

WHEREAS, if approved for funding, Sweetwater County will be able to suppress dust on County roads; and,

WHEREAS, the application for the CMAQ grant request must be submitted by March 16, 2012 for this funding cycle; and,

WHEREAS, the Board of County Commissioners have determined this use of CMAQ funding for dust mitigation will benefit the safety and health of the residents of Sweetwater County;

NOW, THEREFORE, BE IT RESOLVED that the Sweetwater County Board of County Commissioners is authorizing an application for FY2012 CMAQ funds to be submitted to the Wyoming Department of Transportation to commence dust suppression projects on Sweetwater County Roads and authorizing the Chairman to sign all necessary documents.

Dated this 6th day of March, 2012.

Request Approval of the City of Green River-Sweetwater County Animal Control Housing Agreement
Under Sheriff Craig Jackson presented and requested approval of the City of Green River-Sweetwater County Animal Housing Agreement. ***Commissioner West moved to approve the Animal Control Housing Agreement between the City of Green River and Sweetwater County and authorize the Chairman to sign. Commissioner Van Matre seconded the motion.*** Following discussion, the motion was approved unanimously.

Multiple Use Discussion of the Little Mountain Region
Chairman Johnson explained that he directed Public Works Director Mark Kot to obtain each of the commissioner's opinions relative to the Little Mountain Region and the level of protection it should receive. Chairman Johnson explained that he drafted a letter to Governor Mead regarding Sweetwater County's support for the important natural resources of the Greater Little Mountain Region and special protections for the top of Little Mountain and its related ridges. Chairman Johnson further explained that

each of the commissioners may have a difference of opinion and that they may want to draft their own letter. Mr. Kot provided a power-point presentation explaining that the BLM Rock Springs Field Office will be updating their Resource Management Plan (RMP) of the Greater Little Mountain Region. Mr. Kot addressed the size and location of the boundary of the Greater Little Mountain Region, identified issues within the boundary, identified preferred management strategies, and acknowledged that the County will continue to work as a cooperating agency with the BLM in its Rock Springs RMP update with Sweetwater County establishing a county land use plan for the Greater Little Mountain Region. Following the presentation, each of the commissioners expressed their concerns and options concerning how the management of the resources in this region can preserve a multiple use perspective that protects the unique character of the region while allowing for responsible mineral development. Chairman Johnson opened public comments. Conservation District Chairman Mary Thoman, Rock Springs Grazing Association member Don Schramm, Vermillion Ranch owner T Wright Dickinson, Trout Unlimited Wyoming Energy Coordinator Steven Brutger, FMC United Steelworkers President Mike Burd and Wexpro representative Tammy Fredrickson were present to express their opinions relative to the Little Mountain Region. Hearing no further comments, the hearing was closed.

Lunch

Chairman Johnson recessed the meeting for lunch. After the lunch break, Chairman Johnson opened the afternoon session.

Planning & Zoning- Public Hearing

Tim and Wanda Self - Zoning Map Amendment from R-2/SF LS2 to C and Amendment to Exhibit B - Residential to Commercial

Land Use Director Eric Bingham provided the Planning and Zoning report and presented Resolution 12-03-ZO-01, Tim and Wanda Self Growth Management Plan Map Amendment - Exhibit B and Zoning Map Amendment - R-2/SF LS2 to C. Owner Tim Self was present. Following discussion, Chairman Johnson opened the public hearing. Hearing no comments, the hearing was closed. ***Commissioner Kolb moved to approve Resolution 12-03-ZO-01. Commissioner Bailiff seconded the motion.*** With no discussion, the motion was approved unanimously.

RESOLUTION 12-03-ZO-01
TIM AND WANDA SELF
GROWTH MANAGEMENT PLAN MAP AMENDMENT - EXHIBIT B AND ZONING MAP AMENDMENT - R-2/SF LS2 TO C

WHEREAS, Tim and Wanda Self have requested an amendment to Exhibit B in accordance with the Sweetwater County Growth Management Plan and a Zoning Map Amendment from Single Family Residential Minimum Lot Size 2 Acres (R-2/SF LS2) to Commercial (C) in accordance with Section 24.B.1.B of the Sweetwater County Zoning Resolution. This application is for a parcel of land described as:

A parcel of land, all situated in the east half of Section 29, Township 20 North, Range 105 West, 6th Principal Meridian, Sweetwater County, Wyoming, the boundary thereof being more particularly described as follows:
COMMENCING at the section comer common to Sections 20, 21, 28, and 29, Township 20 North, Range 105 West, 6th Principal Meridian, Sweetwater County, Wyoming, being a found 3 inch diameter brass cap and iron pipe monument, thence S. 11°30'22" W., 3,060.62 feet to the POINT OF BEGINNING, being a 1 inch diameter aluminum cap and iron bar monument, set this survey;
Thence N. 89°55'08" E., 610.57 feet to a point on the boundary line common to said Sections 28 and 29, being an aluminum cap and iron bar monument, set this survey;
Thence S. 00°04'52" E., 286.01 feet along the boundary line common to said Sections 28 and 29, to a found 3 inch diameter brass cap and iron bar monument;
Thence S. 00°04'11" E., 661.22 feet along the boundary line common to said Sections 28 and 29 to a point on the northerly boundary line of Gary W. Elmore Sr. living Trust Lands, being a found 2 inch diameter aluminum cap and iron bar monument;
Thence N. 89°57'29" W., 762.23 feet along the northerly boundary line of Gary W. Elmore Sr. Living Trust Lands to a point on the easterly boundary line of Sweetwater County Road No. 4-58, also known as Yellowstone Road, being a found 2 inch diameter aluminum cap and iron bar monument; Thence N. 21°34'14" W., 1,016.33 feet along the easterly boundary line of Sweetwater County Road No.4-58, also known as Yellowstone Road, being a 1 inch diameter aluminum cap and iron bar monument, set this survey;
Thence N. 89°55'08" E., 484.68 feet, to the POINT OF BEGINNING.
The total area of the above described parcel of land is 660,231 square feet or 19.75 acres, more or less.

WHEREAS, the Sweetwater County Board of County Commissioners held a public hearing in regards to this matter on March 6, 2012 and has given due consideration to the recommendation of the Planning and Zoning Commission and to all the evidence and testimony presented at the hearing.

NOW THEREFORE BE IT RESOLVED, that the applicant's request be APPROVED.

Dated this 6th day of March, 2012.

Universal Space Network - Conditional Use Permit - Radio & Television Transmission Station and Tower, Transmission Lines, Stations and Towers in the Growth Management Area

Land Use Director Eric Bingham provided the Planning and Zoning report and presented Resolution 12-03-ZO-02, Universal Space Network, Inc. Conditional Use Permit Unmanned Satellite Dish Tracking Station. Following discussion, Chairman Johnson opened the public hearing. Hearing no comments, the hearing was closed. ***Commissioner West moved to approve Resolution 12-03-ZO-02. Commissioner Van Matre seconded the motion.*** With no discussion, the motion was approved unanimously.

RESOLUTION 12-03-ZO-02
UNIVERSAL SPACE NETWORK, INC.
CONDITIONAL USE PERMIT
UNMANNED SATELLITE DISH TRACKING STATION

WHEREAS, Universal Space Network has requested a Conditional Use Permit, in accordance with Section 6.C of the Sweetwater County Zoning Resolution, to allow the construction of an unmanned satellite dish tracking station. This application is to be located on a leased parcel described as:

A tract of land located within the Level 3 Communications parcel as described in the Warranty Deed recorded in Book 915, Page 1011 of the Sweetwater County Records, said tract and parcel also being in the SE 1/4 of Section 15, Tl8N, R106W, 6TH P.M., Sweetwater County, Wyoming, said tract being more particularly described as follows:
COMMENCING at the most Northerly comer of the said Level 3 Communications parcel, running thence S 50°00'44" W, 73.87 feet along the Northwesterly line thereof; thence S 39°59’16" E, 38.27 feet to the POINT OF BEGINNING;
thence S 38°36'46" E, 80.00 feet to a point from whence the most Northerly comer of the ViaSat lease area bears S 38°36'46" E, 20.00 feet and monumented with an aluminum cap inscribed "PLS 9182", said ViaSat lease area was not found in the public record;
thence S 51°23'14" W, 100.00 feet to a point from which the most Westerly comer of the said ViaSat lease area bears S 38°36'46" E, 20.00 feet and monumented with an aluminum cap inscribed "PLS 9182";
thence N 38°36'46' W, 80.00 feet;
thence N 51°23'14" E, 100.00 feet to the POINT OF BEGINNING.
Said tract containing 8,000 square feet, more or less.
Said tract being subject to any easements or rights-of-way that have been legally acquired.

WHEREAS, the Sweetwater County Board of County Commissioners held a public hearing in regards to this matter on March 6, 2012 and has given due consideration to the recommendation of the Planning and Zoning Commission and to all the evidence and testimony presented at the hearing.

NOW THEREFORE BE IT RESOLVED, that the applicant’s request be APPROVED.

Language Amendment Certification Subdivision Regulations
Planner Steve Horton presented the Language Amendment Certification Subdivision Regulations. Following discussion, ***Commissioner Kolb moved to approve the recommendation of 11-11-PZ-02. Chairman Johnson restated the motion to approve the certification page as presented and authorize the Chairman to sign. Commissioner Van Matre seconded the motion.*** With no discussion, the motion was approved unanimously.

Mr. Horton presented Resolution 12-03-CC-01, Sweetwater County Subdivision Regulations Amendments. ***Commissioner Kolb moved to approve Resolution 12-03-CC-01. Commissioner West seconded the motion.*** With no discussion, the motion was approved unanimously.

RESOLUTION 12-03-CC-01
SWEETWATER COUNTY SUBDIVISION REGULATIONS AMENDMENTS

Whereas, the Board of Sweetwater County Commissioners (Board) is empowered by Wyoming Statutes 18-5-201 et. Seq. to regulate the use of land in the unincorporated areas of Sweetwater County; and,

Whereas, the Sweetwater County Comprehensive Plan of 2002 encourages and supports the creation and enforcement of appropriate regulations to ensure the protection of public health, safety and welfare; and,

Whereas, the Sweetwater County Planning and Zoning Commission held a public hearing on the proposed Language Amendments on November 9, 2011, said public hearing advertised in the Green River Star on October 8, 2011; and

Whereas, after due consideration and discussion of all public comments received during a public hearing on November 9, 2011, the Planning and Zoning Commission voted 4-0 to recommend to the Sweetwater County Board of County Commissioners adoption of the Subdivision Language Amendments; and

Whereas, the Board recognizes the need to update and amend the Subdivision Regulations, said regulations will promote the health, safety, and welfare of the residents of Sweetwater County; and

Whereas, the Sweetwater County Board of County Commissioners held a public hearing on the proposed Subdivision Regulation Language Amendments on January 3, 2012; and,

Whereas, the Board of Sweetwater County Commissioners has determined that the Language Amendments attached hereto are in conformance with the public needs and will serve to promote public health, safety and well-being;

Now therefore let it be resolved, the Sweetwater County Board of County Commissioners, as authorized by Wyoming Statute 16-3-103 (b), hereby APPROVES the Language Amendments to the Sweetwater County Subdivision Regulations as follows:

Amendment 1. Amend the Sweetwater County Subdivision Regulations by Repealing Section 5.f. Land Division Created by Physical Barriers in its entirety and replacing with a new Section 5.f. Simple Land Division which reads as follows:

Section 5.f. Simple Land Division

f. Simple Land Division

(1) Authority and Purpose
For the purposes of this section, a Simple Land Division shall be defined as a subdivision of 1 unit of land into not more than 2 units of land, and is applicable only for lots within a platted subdivision. Pursuant to the authority granted by Wyoming Statute 18-5-306(a), the Sweetwater County Board of County Commissioners has determined that a Simple Land Division, as defined in these regulations, shall be exempt from the requirements of WS 18-5-306 Minimum Requirements for Subdivision Permits. Subsequent divisions of units of land from a Simple Land Division shall require either a Major Subdivision or a Minor Subdivision.

(2) Application Requirements
(a) Application Form and Fee
(b) A Record of Survey plat as defined by Appendix "A" of these regulations accompanied by legal documents being a warranty deed or quitclaim deed, to be recorded in the Sweetwater County Clerk's Office. Filing fees for the Sweetwater County Clerk are in addition to the filing fees for a Simple Land Division.
(c) Written narrative describing both the existing and proposed land uses, how the adjustment will benefit the uses, and why the change will not negatively impact any existing land use in the vicinity
(d) Names and addresses of abutting property owners

(3) Review process

The application shall be reviewed by the Sweetwater County Land Use Department, and other departments, agencies and Districts as necessary

(4) Criteria for Review of Simple Land Division

(a) A Simple Land Division is applicable only for a legally created lot in a platted subdivision.
(b) The applicant(s) shall be the owner of record.
(c) The Simple Land Division shall not result in more than one new parcel as a result of the division.
(d) The lots shall meet the minimum: lot width; area requirement; lot depth to front ratio; and, front line requirements of the Sweetwater County Subdivision Regulation.
(e) The Simple Land Division shall not worsen any non-conforming setback situation nor create a violation of other codes or regulations of Sweetwater County
(f) The design of the Simple Land Division shall incorporate topographic and drainage constraints of the land that will provide buildable lots.
(g) The Simple Land Division shall be compatible with adjacent zoning classifications and uses on those lands.
(h) The resulting parcels shall not be eligible for further Simple Land Divisions
(i) Simple Land Division "Record of Survey" shall incorporate the easements for the necessary drainage and utilities and their perpetuation.
(j) The applicant shall be responsible for obtaining all necessary approvals and accesses for all utilities in perpetuity.
(k) Identify all utility supply points, viability, and location.
(l) Relief is not available when the person requesting relief has violated the subdivision regulations of the County regarding the specific parcel.

(5) Record of Survey
A Record of Survey must be prepared and submitted in accordance with Appendix "A" of these regulations.

(6) Approval
Approval shall be by the Sweetwater County Land Use Department

Amendment 2. Amend the Sweetwater County Subdivision Regulations by amending Section 5.e. Boundary Line Adjustment to read as follows:

e. Boundary Line Adjustment

(1) Definition

For the purposes of this section, a Boundary Line Adjustment shall be defined as:

(a) As provided by W.S. 18-5-303. (a) (vii), a division which is a sale or other disposition of land for agricultural purposes or affects the alignment of property lines for agricultural purposes,

(b) As provided by W.S. 18-5-303. (a) (viii), a division which is created by boundary line adjustments where the parcel subject of the sale or other disposition is adjacent to and merged with other land owned by the grantee

(2) Submittal Requirements

(a) Affidavit of Boundary Line Adjustment complete with all required information and signatures, accompanied with legal documentation being a warranty deed or quitclaim deed.

(b) Fees shall be paid to the Sweetwater County Clerk's Office for the recording of all documents

(3) Review process

The application shall be reviewed by the Sweetwater County Land Use Department.

(4) Criteria for Review of Boundary Line Adjustment

(a) The Boundary Line Adjustment shall not result in more parcels than existed prior to the adjustment.

(b) The line adjustment shall not worsen any non-conforming setback situation nor create a larger number of non-conforming setback situations.

(c) The adjustment shall respect the natural resources and constraints of the property such as soils, topography, geologic hazards and utility placement.

(d) The adjustment shall provide two buildable lots.

(e) The Boundary Line Adjustment shall not be used to circumvent the Subdivision Regulations.

(f) The Boundary Line Adjustment must comply with the Zoning Resolution.

(5) Approval

Approval shall be by the Sweetwater County Land Use Department.

Amendment 3. Amend the Sweetwater County Subdivision Regulations by amending APPENDIX "A" RECORD OF SURVEY to read as follows:

APPENDIX "A"

Record of Survey

A. A Record of Survey Map shall accompany Permit Applications as required by the Sweetwater County Subdivision Regulations. The map shall depict the results of an actual land survey of all the land divided and shall comply with the requirements of W.S. 33-29-139.

B. The Record of Survey shall include the following information:

1. VICINITY MAP showing general location including Township/Range, names of adjoining subdivisions, existing roads or highways in vicinity and other pertinent information.

2. A GRAPHIC showing original lot in entirety drawn to a suitable scale with the following:

   a. All boundaries of the division annotated with accurate bearings, distances and relevant curve data, including distinction between record and measured.

   b. Symbols for all monuments found, set, replaced, including type, size, inscriptions, etc. All angle points shall be monumented in compliance with current standard practices outlined in SBRPEPLS Rules & Regulations.

   c. Ties to existing controlling monuments for all re-established original corners.

   d. All easements of record associated with the property and the division thereof indicating the location, purpose, width and any recording information.

   e. Names, locations and widths of all streets abutting property.

   f. Identification system for both parcels – Numbering and/or Lettering.

   g. Identification, location, setback distances, and dimensions of existing uses and all existing structures.

   h. Names of all adjoiners.

   i. Area of each resulting lot.

   j. North arrow and graphic scale.

   k. A drainage plan prepared and stamped by a Wyoming Professional Engineer.

3. TEXT BLOCKS

   a. Name and Address of the owners of each parcel

   b. Statement of Surveyor signed by a Professional Land Surveyor registered under the laws of the State of Wyoming certifying to the completeness and accuracy of the field survey and map.

   c. Citation of Basis of Bearing.

   d. Metes and Bounds legal description of each parcel.

   e. Name, Address and Phone number of firm preparing map and date of preparation.

   f. Applicants notarized statement of submittal in the following format:

   "I/We applicant name(s) hereby submit this instrument for filing in the Office of Sweetwater County Clerk on this ___ day of _____.

   Signature of applicant(s)
   (notary statement)

g. Public Notice – "ANY FURTHER DIVISION OF EITHER PARCEL DESCRIBED IN THIS MAP SHALL REQUIRE FULL COMPLIANCE WITH ALL SUBDIVISION REGULATIONS OF SWEETWATER COUNTY" (Shall be noted in bold capital letters).

4. TITLE BLOCK in lower right corner of map as follows:

"RECORD OF SURVEY", legal description of land, Section, Township, Range, Sweetwater County, Wyoming.

5. LEGEND showing description of all symbols, lines, & other map features.

6. APPROVAL BLOCK – Sweetwater County Land Use Office.

C. Record of Survey Maps so submitted and approved by Sweetwater County Land Use Office shall be filed of record in Office of Sweetwater County Clerk. The fee for such filing shall be set by the Sweetwater Clerk in accordance with W.S. 18-3-402. Future conveyances of the subject property may make reference to the filed map.

Amendment 4. Amend the Sweetwater County Subdivision Regulations by repealing the Lot Division Policy of Sweetwater County in its entirety.

Amendment 5. Amend the Sweetwater County Subdivision Regulations by amending Section 6. Fees to read as follows:

Section 6. Fees

The following fees are required to be paid at the time the application is submitted. Failure to pay the appropriate fee constitutes an incomplete application.

Application or Requirement	Fee
Sketch Plat	$50
Preliminary Plat	$75
Final Plat	$225
Variance – Subdivision	$225
Variance – GMP Sec. 7.4 Water & Sewer	$225
Language Amendment	$225
Simple Land Division	$150

Recording Fee:
After approval of an application for a Subdivision Permit, the Final Plat, along with a recording fee as established and required by the Sweetwater County Clerk and Recorder, shall be filed with the County Clerk and Recorder.

Inspection Fee:
The developer shall pay to the County an inspection fee in an amount not to exceed three (3%) percent of the total final construction cost of the project. Fees collected are for the purpose of partially offsetting costs incurred by the County for inspections of required improvements and shall be credited to the County General Fund.

NOW THEREFORE be it resolved that this Language Amendment be APPROVED.

Dated this 6th day of March, 2012.

Executive Session(s)-Personnel/Legal

Chairman Johnson entertained a motion to enter into executive session for real estate issues. Commissioner West so moved. Commissioner Van Matre seconded the motion. With no discussion, the motion was approved unanimously. A quorum of the commission was present.

After coming out of executive session, ***Commissioner*** K***olb made the motion to purchase a piece of property located in Rock Springs, Wyoming at the address of 333 Broadway and also the purchase of the adjacent parking lot to the west for the total cost of $600,000. Commissioner Van Matre seconded the motion***. With no discussion, the motion was approved with Commissioner West abstaining due to a perceived conflict of interest. A discussion ensued relative to the value of the building and property renovations that will be required, and the centralization of human service entities in Rock Springs. The commission expressed their appreciation to the Hay family for their assistance and explained that Deputy County Attorney Cliff Boevers will coordinate with the Hay's attorney to finalize the sale.

Adjourn

There being no further business to come before the Board this day, the meeting was adjourned subject to the call of the Chairman.

This meeting was recorded and is available from the County Clerk's office at the Sweetwater County Courthouse in Green River, Wyoming

PUBLICATION OF EMPLOYMENT CATEGORIES
SWEETWATER COUNTY, WYOMING

March 2012

Pursuant to Wyoming Statue 18-3-516 (b) – Publication of names, salaries and wages of certain officials and employees: During January and July of each year, the name and position and gross monthly salary of each chief head including those officials and department heads of boards and departments funded by the board of county commissioners and elected officials. The publication shall also include a list of all other full-time employee, including gross monthly salary for each position. A brief statement shall accompany the salary publication specifying that all salaries are listed as gross monthly salaries or actual monthly wages, not including any fringe benefits such as health insurance costs, life insurance benefits and pension plans. The statement shall also indicate that the salaries or wages do not include any overtime (that) the employee may earn which would be paid by the county.

Subject: UPDATED INFO FOR NEXT AGENDA

Sally,

I just spoke with Marty in purchasing and she was advised that we need to add another item to the next agenda along with the 6x6 trailer we are purchasing. Krisena told her we had to get the commission approval for night vision monocular's we are purchasing with homeland security monies since we are not using it for radios. So, could you please add this to what you have already and when Mel gets the information to me I will send it over.

Thanks so much,

Karen French

RE: New 2011 or 2012 ATV Side by Side 6x6 with Steel Cab and Rescue Skid

Sweetwater County is currently accepting bids for one new ATV 6x6 with Rescue Skid for the Sweetwater County Sheriff's Department Homeland Security. Successful bidder will be required to deliver FOB to the Sweetwater County Vehicle Maintenance Shop located at 430 West Blair, Rock Springs, Wyoming, 82901. We are requesting bids for the ATV that best match the enclosed specifications.

Bids will be received until 1:00 p.m. Wednesday, February 29, 2012 at the Office of the Sweetwater County Purchasing Department, 50140A US HWY 191 South, Rock Springs, Wyoming, 82901 or by faxing to 307-872-6469 attention Marty Dernovich or by emailing to dernovichm@sweet.wy.us .

Public opening and review of the bids will be on Wednesday, February 29, 2012 at 1:30 p.m. located at the Sweetwater County Purchasing Office, located at 50140A US HWY 191 South, Rock Springs, Wyoming. Bidders are welcome to attend.

Sweetwater County reserve the right to accept or reject any items or all items, any part or all parts, any section or all sections, any bid or all bids as stated in the specifications to waive any irregularities or informalities, or to re-bid or re-advertise for bids if it is determined to be necessary or desirable, and reserve the right to let the bid in any manner it sees fit. Sweetwater County will not be bound to accept the low bid, but rather the bid that is in the best interest of Sweetwater County.

Questions and inquiries should be directed to Marty Dernovich at 307-922-5435 Monday through Friday, 9 am to 5 p.m.

Sincerely,

Marty Dernovich
Purchasing Manager

ATTN: Cargo Trailer Dealers

RE: New 2012 Cargo Trailer

Sweetwater County is currently accepting bids for one new Cargo Trailer for the Sweetwater County Sheriff's Department Homeland Security. Successful bidder will be required to deliver FOB to the Sweetwater County Vehicle Maintenance Shop located at 430 West Blair, Rock Springs, Wyoming, 82901. We are requesting bids for the Cargo Trailer that best match the enclosed specifications.

Bids will be received until 1:00 p.m. Wednesday, February 29, 2012 at the Office of the Sweetwater County Purchasing Department, 50140A US HWY 191 South, Rock Springs, Wyoming, 82901 or by faxing to 307-872-6469 attention Marty Dernovich or by emailing to dernovichm@sweet.wy.us .

Public opening and review of the bids will be on Wednesday, February 29, 2012 at 1:30 p.m. located at the Sweetwater County Purchasing Office, located at 50140A US HWY 191 South, Rock Springs, Wyoming. Bidders are welcome to attend.

Sweetwater County reserve the right to accept or reject any items or all items, any part or all parts, any section or all sections, any bid or all bids as stated in the specifications to waive any irregularities or informalities, or to re-bid or re-advertise for bids if it is determined to be necessary or desirable, and reserve the right to let the bid in any manner it sees fit. Sweetwater County will not be bound to accept the low bid, but rather the bid that is in the best interest of Sweetwater County.

Questions and inquiries should be directed to Marty Dernovich at 307-922-5435 Monday through Friday, 9 am to 5 p.m.

Sincerely,

Marty Dernovich

Marty Dernovich
Purchasing Manager

FY 2012 Law Enforcement and Terrorism Prevention Activities (LETPA) Grant

---

Executive Summary:

The FY 2010 LETPA grant agreement was approved by the Commission on 4/19/11 in the amount of $36,477.10 for the period 8/1/10 through 4/30/13.

The original proposed use of the grant was for an unmanned arial system (UAS) which was tabled. It was then changed and approved for the purchase of portable and mobile WyoLINK radios.

The Sheriff's Office is requesting to modify the use of the funding to include the Polaris Ranger.

To date there have been no expenditures charged to the grant project.

Also, the new FY 2011 LETPA grant agreement was received in the amount of $35,703.11 and is pending the identification of project use before approval.

Recommendation:

Staff recommends clarifying the following before approving the request:

- Why did the use change?
- How will the previously identified need for WyoLINK radios be paid for?
- What is the impact on County operations (ex. Insurance, storage, replacement, etc.)?

PURE Polaris to Offer Fire and Rescue Accessories

From the July, 2009 issue of

Digg | | | Sub Sub

Minneapolis, July 27, 2009 -PURE Polaris today announced it is working with RKO Enterprises to offer a Fire and Rescue solution for Polaris RANGER Side-by-Side vehicles.

Fire and Rescue units across the U.S. and around the world rely on Side-by-Side-mounted equipment to get to hard-to-reach areas. Many of the vehicles used for Fire and Rescue are RANGER Side-by-Side vehicles so Polaris saw the need for a complementary system for their popular Side-by-Side. To offer a premium product, Polaris looked to RKO Enterprise who has more than 60 years of experience designing and building the most advanced and best fire apparatus in the industry. Their products feature exclusive Stainless Steel Precise Butt Welded Piping Systems that come with a lifetime warranty, and similar to Polaris, their products are made in the U.S.A.

"Combining the leader in the utility vehicle fire and rescue apparatus with the number one Off-Road Vehicle Manufacturer creates the ultimate Off-Road Utility Vehicle Fire & Rescue solution," said Mike Stone, senior product line specialist for PURE Polaris. "RKO's commitment to high quality products and outstanding customer service makes them the perfect partner."

The Polaris/RKO Enterprises system for RANGER is constructed of precise full-flow stainless steel piping, highest-quality pump and component choices, stainless steel fasteners, heavy-duty marine and aircraft alloy aluminum parts with a copolymer plastic NFPA fully-baffled fire service tank system, it is the ultimate Fire and Rescue system. It has a Low-amp draw and high-intensity LED lighting for added visibility.

"When Polaris approached us about a partnership we knew right away this was an awesome opportunity for RKO Enterprises. It is quite an honor to work with the leading manufacturer of utility vehicles," said Keith Olson, president of RKO Enterprises. "RKO manufactures the highest quality skid unit for the utility vehicle, so together we make the ideal team! In our years of development and testing of various utility vehicles, the RANGER outshines all other models."

The Polaris/RKO system will be available at Polaris dealerships nationwide.

About Polaris

With annual 2008 sales of $1.9 Billion, Polaris designs, engineers, manufactures and markets off road vehicles (ORVs) including: all-terrain vehicles (ATVs), the Polaris RANGER, snowmobiles, and Victory motorcycles for recreational and utility use. Polaris Industries Inc. trades on the New York Stock Exchange under the symbol "PII," and the Company is included in the S&P Small-Cap 600 stock price index. Information about the complete line of Polaris products, apparel and vehicle accessories are available from authorized Polaris dealers or anytime from the Polaris homepage at www.polarisindustries.com.

Handouts may be submitted to Clerk Sally Shoemaker either in person or electronically. *****If your handout is not accompanied with the request to be added to the agenda, your request will be dismissed and you may reschedule for the next meeting provided the handout(s) are received.*****
- Any documents requiring **Board Action** or **signature** are considered agenda items and need to be requested in the same manner.

Project Description

FMC Corporation's Alkali Chemicals division is the world's largest producer of natural soda ash and the market leader in North America. FMC is also the leader in mining and production of natural soda ash, having developed and implemented multiple proprietary, low-cost mining and processing technologies. The purpose of the Granger Optimization Project is to restore the production capacity of the FMC Granger facility to a nominal 1.3 million tons per year of refined soda ash. The Project will enable FMC to maintain the ability to meet market demands for soda ash by leveraging existing ore resources and its supporting infrastructure.

Restoration of production capacity is necessary in order to meet the soda ash product needs of FMC's worldwide customers. Restoration of production capacity will be accomplished in the Granger Optimization Project through the addition of new brine processing equipment designed to provide the existing facilities with a soda ash liquor concentration similar to that which was obtainable from dry ore processing. Construction of the project is scheduled to begin by May 2013.

The FMC Granger facility currently produces soda ash and caustic soda using weak alkaline brine. The facility presently consists of a flooded underground trona mine used for recovery of brine, soda ash plant, caustic plant, and ancillary utilities (e.g., boilers, water treatment). From the start of operations in 1976 and until 2005 the feedstock for soda ash production came from dry ore produced from the on-site underground trona mine. Under this operating mode the soda ash plant had a permitted production capacity of 1.3 million tons of refined soda ash based on the alkaline liquor concentration achievable from dissolving dry ore. Dry ore mining was eventually discontinued (due to declining ore quality and associated higher production costs) and in 2005 the feedstock for the soda ash plant was switched to mine water (the weak alkaline brine extracted from the underground trona mine). With the less concentrated mine water as the feedstock, the permitted production capacity of the plant was effectively reduced to half of the original 1.3 million tons per year to 650,000 tons per year of refined soda ash; the plant is currently operating at 500,000 tons per year. After completion of the Granger Optimization Project, the production capacity of the plant will be restored to 1.3 million tons per year of soda ash using mine water as the feedstock.

Schedule

Permitting is currently underway for the project. Detailed engineering design began in March 2012. The submittal of the Industrial Siting Application to Wyoming DEQ is planned for June 2012. Major equipment would be ordered in late 2012/early 2013, construction would start in the second quarter of 2013 and full commercial operation would commence on or before the end of 2015.

Construction and Operations Workforce

Construction at the site is expected to start in May 2013. The average construction workforce is estimated at 204 for the 26-month construction duration. The peak construction workforce is estimated at 375 on-site workers. The Operations and Maintenance Workforce for the Granger facility is estimated to be an additional 25 full time permanent positions.

Benefits and Sustainability

FMC has operated two major production facilities in Southwest Wyoming for many decades. Our 930 employees solution mine and dry mine trona from approximately 1,600 feet underground and then process the mineral into natural soda ash, sodium bicarbonate, and caustic soda using modern progressive

technologies. Soda ash is essential to the production of all forms of glass, namely: flat glass, for autos, homes and buildings, container glass for consumer products as well as fiberglass, tableware, lighting and screens for consumer electronics. Soda ash is also a key ingredient in detergents and a building block for other chemicals such as sodium bicarbonate, sodium silicate, sodium phosphates and sodium citrates.

Natural soda ash is considerably less energy intensive and has a lower production cost than its primary competition – synthetic sodas produced in China. As a result, over 50% of U.S. natural soda ash production is exported, providing a significant positive trade balance for the U.S. Our operations depend on the safe and efficient extraction of trona to maintain our worldwide competitiveness. Natural soda ash production from the Wyoming trona basin uses 40% less energy and produces about 40% less greenhouse gas than the worldwide alternative, synthetic soda ash.

The construction and operation of the Granger Optimization Project will provide investment in the local community, employment and expanded tax base with minimal new infrastructure needed. There will be new jobs for both construction and long-term operation. The project will result in additional property, ad valorem, severance and other taxes paid by the project.

Environment

Major environmental permits required for the project include:

- Wyoming Industrial Siting permit
- Prevention of Significant Deterioration (PSD) Air Construction modification permit
- Greenhouse Gas PSD Construction permit
- Amendment to existing Title V Operating permit
- Bureau of Land Management (BLM) lease authorization for federal mineral
- Wyoming Land Quality permit

Industrial Siting Permit Application - FMC is required to obtain an Industrial Siting Permit from the Wyoming Department of Environmental Quality, Industrial Siting Division (ISD) due to the source category and the estimated construction cost of the project is above the current regulatory threshold of $186.7 Million. The application is expected to be filed in June 2012.

Air - The PSD air construction permit modification application is anticipated to be submitted to the Wyoming Department of Environmental Quality, Air Quality Division in May 2012. A Greenhouse Gas permit application is anticipated to be submitted to EPA Region 8 in April 2012.

Agenda Documentation

Preparation Date: 2/14/2012	Submitting Department: Public Works
Meeting Date: 2/21/12	Department Director: Mike Nelson
	Presenter: Dave Westling

Subject: Acceptance of amendments to the Green River Urban Systems Functional Classification Map.

Purpose Statement:
Approval of the recommended amendments to the Urban Systems Functional Classification Map from the Urban Systems Advisory Committee for submittal to WyDOT.

Background/Alternatives:

On October 25, 2011, the Green River Urban Systems Advisory Committee met to review necessary updates to the Urban Systems Functional Classification Map. The map was last revised in 2001. The recommended updates are as follows:

1) Extend the Urban Systems boundary to include the north half of Section 14, T18N,
2) Designate Wild Horse Canyon Road from Flaming Gorge Way to city limits, as a minor collector;
3) Designate from city limits to the new Urban Systems boundary, also known as County Road 18 as a minor collector;
4) Designate Scott's Bottom Road from East Teton to the river bridge as a major collector.
5) Include Sections 1, 2, 3, 4, 8, 9 to Expand boundaries

Funding through the Urban Systems Program is not available for streets/projects unless they are designated as a major or minor collector or arterial and they must be located within the Urban Systems boundary.

Since the October 25, 2011 meeting, WyDOT has amended the Functional Classification Map and has forwarded the revised map the City of Green River and Sweetwater County for acceptance. If accepted, the attached signatory page will be signed by all entities then returned to WyDOT for formal acceptance.

Attachments:

Map inserts showing corresponding changes.
Revised Urban Systems Functional Classification Map
Signatory Page

Fiscal Impact: Future funding through the Urban Systems Program

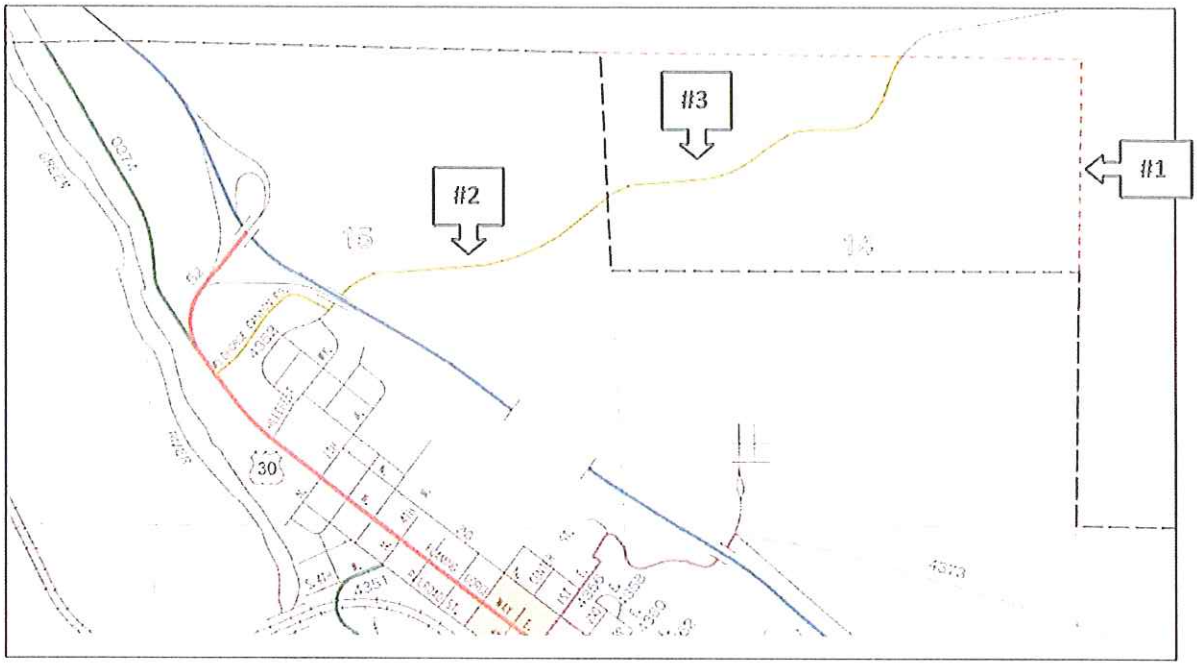
Staff Impact: None

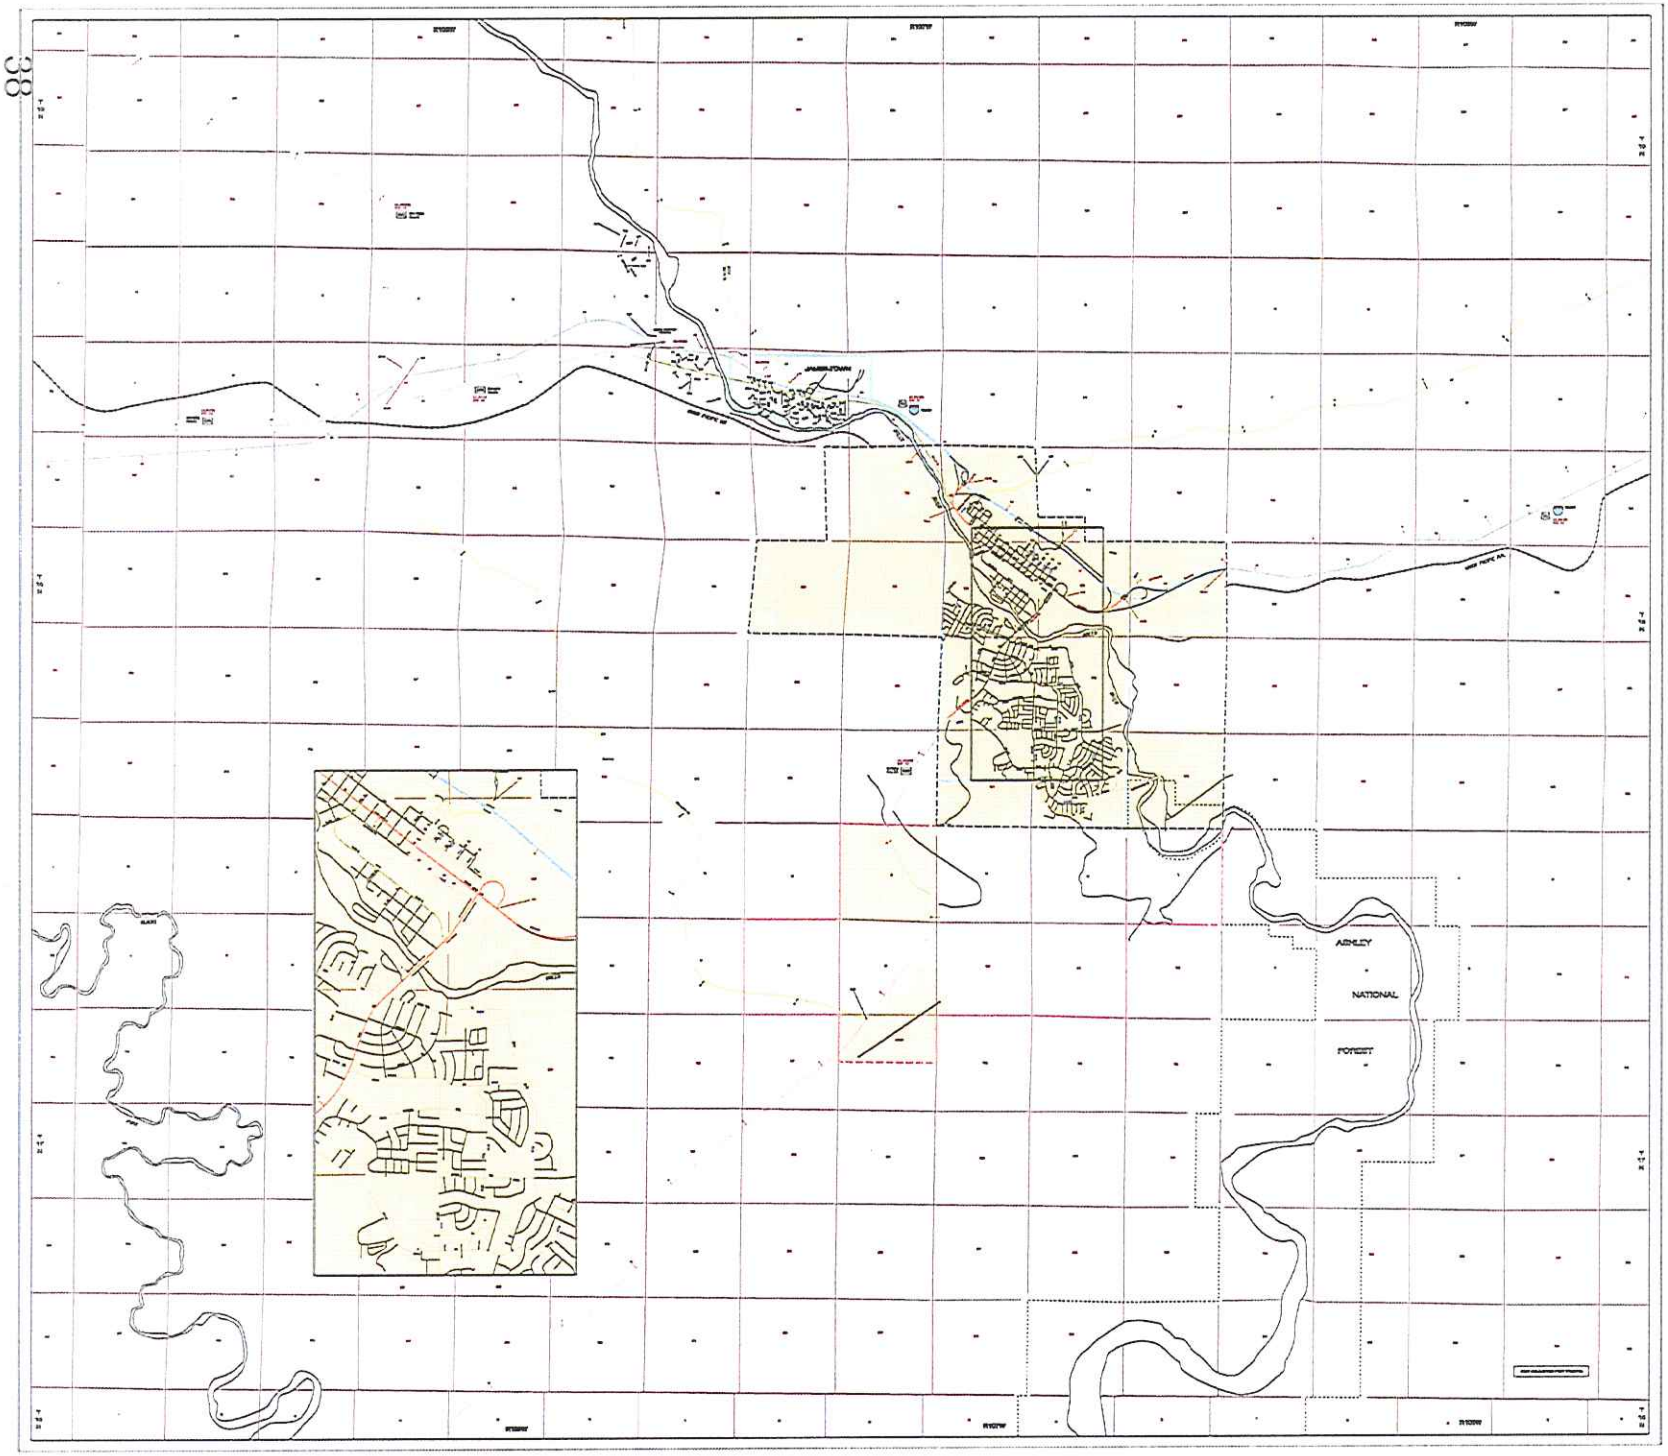
Legal Review: N/A

Recommendation:
Acceptance of the recommended amendments to the Green River Urban Systems Functional Classification Map from the Urban Systems Advisory Committee, for submittal to WyDOT.

Suggested Motion: I move to accept the amendments to the Green River Urban Systems Functional Classification Map from the Urban Systems Advisory Committee, for submittal to WyDOT.

Proposed Amendments to the Green River Functional Classification Map





GREEN RIVER
FUNCTIONAL CLASSIFICATION

URBAN BOUNDARY, FUNCTIONALLY CLASSIFICATION, and CENTRAL BUSINESS DISTRICT BOUNDARY CONCURRENCE

We, as responsible federal, state and local officials concur with the Urban Boundary, Roadway Functional Classification and Central Business District Boundary.

MEMORANDUM

To: Board of County Commissioners
From: Garry McLean, HR Director
Date: March 15, 2012
RE: Benefit Software

As the County Insurance team has been working with Diversified Insurance Group to find ways to not only make County benefits more effective, but to do so in a more efficient way. As part of this review, it became clear that the current manual process of trying to enroll all plan participants through a paper process with the County Clerk's office has created a confusing and administrative burdensome process. In addition, it is even more problematic because the enrollment information for our health insurance plan does not exist in a single database, which makes providing renewal information to potential providers a major research project.

Recently, the County and component units have had an opportunity to review some dedicated benefit management software which would allow each of the County entities participating in the plan to add and delete their employees, while the County maintains the overall database. These systems are web based and hosted by the vendor, which means the County incurs no hardware or IT staff costs. In addition, these web based systems allow employees to self enroll, check benefit information, update their benefit information and receive updates on the changes of benefits from their home, at their desk or anywhere they have access to the internet.

At the time of this memo, we expect the initial cost of the software, not to exceed $15,000, with an annual cost of approximately $1.94 per employee/month. With a current benefit population of 500, this translate to approximately $1000.00 per month x 12 months = $12,000 per year. Given the amount of time, labor and confusion the current process is creating, this amount seems to make clear economic sense. If the board where to approve such a purchase, we could look at incorporating the cost into the fixed costs for our health insurance, such that the component units shared equally in the cost of the program. Currently, the County along is footing the time and labor to maintain the current system.

I have spoken with the County Treasurer about funding this project with health insurance surplus funds and his initial thoughts where that it would be both a worthwhile project and an appropriate expense for the insurance fund. Funding the project this way would not require a budget amendment and we could begin immediately.

As such, I would like to respectfully request consideration from the board to fund this important project. Please contact me if you have any questions or would like additional information.

Motion to approve, and have the Chairman sign,
the FY 2011 Emergency Management Performance Grant
Relinquishment Letter

SWEETWATER
C•O•U•N•T•Y

To: Sweetwater County Commissioners

From: Krisena Marchal

Subject: BOCC Meeting 3-15-11

Request the Approval of the FY 2011 Emergency Management Performance Grant Agreement Letter

---

Executive Summary:

Last fall Sweetwater County was awarded a FY 2011 Emergency Management Performance Grant in the amount of $29,042, requiring a cash match of $29,042 by the Wyoming Office of Homeland Security. The term of the grant ends on March 31, 2012.

The grant agreement was never executed due to the changes within Sweetwater County Emergency Management.

Since the grant agreement was never executed, it must be formally relinquished.

Recommendation:

Staff sees the relinquishment as a lost opportunity since the funding could have been used to supplement department budget costs without violating supplanting requirements. This is the second EMPG grant within the last year to be returned.

Staff recommends approval of the relinquishment letter since there is no other alternative due to contractual time constraints listed in the agreement.

Action Requested:	**Motion to approve, and have the Chairman sign, the FY 2011 Emergency Management Performance Grant Agreement Relinquishment Letter**

Re: FY 2011 Emergency Management Performance Grant (EMPG) Agreement
Project ID #11-GPD-SWE-EM-GCF11

Dear Ms. Benitz,

The Sweetwater County Commission regrets to inform you that the FY 2011 Emergency Management Performance Grant Agreement in the amount of $29,042 that was appropriated to Sweetwater County is being returned without approval.

Unfortunately, Sweetwater County's Emergency Management Office is still in a period of transition making it difficult to plan for use and reporting of the funding. We expect to resolve these issues so that future funding can be approved and implemented accordingly.

Please find attached the original FY 2011 Emergency Performance Management Grant Agreement for your records.

Should you need any additional information, please do not hesitate to contact me. Your understanding of this matter is appreciated.

Sincerely,

Wally J. Johnson
Chairman
Sweetwater County Commission

Hi Dale, yes we would like to be on the agenda. Thanks for reminding me - Does the commission still meet at 10:00 A.M.?

I've attached our mission statement and talking points for the initiative.

Thanks,
Lisa

Lisa,

Did you want to get onto the agenda for March 20th?

If you have any handouts, can you send it by noon March 14th?

Thanks.

High Desert Rural Healthcare District Mission/Vision/Strategy

Mission

The mission of the High Desert Rural Healthcare District is to provide sustainable funding and local control/management of the funding to maintain, support growth of and provide continuity of healthcare, health promotion, emergency medical services and other related services which improve our region's health status and quality of life.

Vision

Healthcare District residents will have improved access to primary care and emergency services while the availability of these services represents an important advantage to the region's economic development initiatives and support of industry.

- Residents and industry will have timely access to basic health services and emergency medical services
- The services will champion early detection of treatable disease and management of chronic conditions
- The District will ensure local control and involvement in regional health and emergency services provision policy.
- As the region grows, the District will take the leadership role to make sure available services fit local need and keep pace with growth

Strategy

The Healthcare District will establish, maintain, support and/or operate healthcare and emergency services and related facilities and will work collaboratively to increase the district's capacity for health promotion and continuity of services.

The Healthcare District will take a leadership role to:

- Periodically assess the health status of the region through regional meetings, surveys and through comparisons to statewide rural baseline indicators, using the assessment data to identify and prioritize changing healthcare needs
- Establish or contract for increased services in response to changing needs
- Use Healthcare District funds/resources to leverage other sources of funding and resources
- Continuously evaluate programs it supports to ensure quality and relevance
- Initiate, oversee and maintain agreements between supported healthcare programs and the Healthcare District on behalf of the region

Our region has a need for local access to healthcare, health promotion and education as well as support for industry needs. However, having to rely on grant funding creates an endless cycle of securing bits and pieces of funding as each grant runs out. And lack of long range funding has made it impossible to recruit a permanent provider to the region. A group of your neighbors are working on an answer to stable funding that also provides a local voice on healthcare issues.

Formation of a healthcare special tax district to permanently fund the clinic and emergency operations to stabilize access to care is a community betterment initiative as well as a development/growth and industry support endeavor.

The purpose of the High Desert Rural Healthcare District would be to provide and maintain healthcare, health promotion and other related services which improve our region's health and quality of life. District residents will have improved access to primary care services while the availability of primary care services represents an important advantage to the region's economic development initiatives and support of industry. A Healthcare District ensures that local people lead the effort to shape healthcare services in the region. In addition:

- Residents and industry will have timely access to basic health services
- A focus on early detection of treatable disease and management of chronic conditions makes for a healthier workforce and improved quality of life
- The District will promote ongoing resident and leadership engagement in regional health services provision policy.
- The District will take the leadership role to make sure available services fit local need and keep pace with growth

Stability of funding to attract a resident provider is key to providing continuity and coordination of care. A "town doc" would be active in health promotion for all ages and would provide full time coverage to support industry needs. The Healthcare District could also fund EMS and future projects like assisted living, etc.

How much will it cost? For the average homeowner, the proposed 4 mill levy will cost just $_____ per year or $_____ per month, based on a home valued at $_____.

To keep the local voice on healthcare assets, we need your support. If you have any questions or would like to help the effort, please see Emma Waldner, Bobbie Amos, Sheri Lyon or Ken Waldner.

Sweetwater Medics LLC
P.O. Box 356
Rock Springs, WY 82902

March 14, 2011

Sweetwater County Commissioners
80 West Flaming Gorge Blvd.
Green River, WY 82935

Gentlemen:

In November of 2011, Sweetwater Medics approached the Board of county commissioners for subsidy help to ensure ambulance coverage to the citizens of Sweetwater County. At this time there were two ambulance services responding on the eastern side of the county, Rock Springs Regional Ambulance and Sweetwater Medics LLC.

When Sweetwater Medics Approached the Board, the financial outlook of the company was dire, we approached the county as a "last ditch" effort to maintain adequate staffing for the volume of emergency calls we were experiencing, last ditch meaning that Sweetwater medics had already secured virtually all funding sources outside of emergency response to fund 911-coverage, i.e. short and long distance inter-facility transfers, exclusive provider agreements with all aero-medical services, agreements with local health service providers, Sage View Care Center, Hospice.

The board's position at that November meeting, understandably so, was that since there were two services rotating calls that the board would not award a subsidy to just one of the businesses, therefore choosing sides in an otherwise free market scenario.

Our goal in November, was to head-off a situation where there would suddenly be only one remaining ambulance service to handle the burden of emergency response. This would leave the remaining service without adequate financial resources and man-power to handle the increased demand for services. This scenario has now come to fruition and came at only a moment's notice.

Since the denial of the subsidy in November of last year Sweetwater Medics had to make some extremely hard decisions to ensure financial stability of the company, the worst of was decreases in pay to all employees and decrease in overall manpower.

These decisions although vital to the overall stability of our company have forced us to utilize our staffing in the most efficient means possible for our current business, and as an effect Sweetwater medics has moved emergency 911-coverage from our top priority to an "as available" status. Following all of the applicable policies for 911-coverage in the county Sweetwater Medics has only been available for 911 emergency calls when we have an available crew for such coverage.

Notifying county dispatch when we had no available crews for emergency response has not been an issue since there was a second service responding to cover any required responses. With the withdrawal of Rock Springs Regional Ambulance from the emergency system county wide, this may no longer be the case.

Sweetwater Medics is now the only Ambulance available to respond to emergency calls on the eastern side of Sweetwater County. To service all of Rock Springs, North of Rock Springs, Clearview Acres, Interstate 80, Highway 191 N & S, Highway 430, Reliance, Superior, and all other outlying Eastern Sweetwater County areas. Sweetwater Medics also provides critical advanced life support intercept services for Farson/Eden, Castle Rock Ambulance, and the industrial emergency response teams throughout the County. On a regular basis, we also provide ambulance coverage for the City of Green River and the western portion of the County for Castle Rock Ambulance at times of high call volume.

The staffing required to provide adequate coverage for these areas is too much of a financial burden for our current model to absorb. The coverage would require the addition of another crew solely dedicated to emergency response and the cost of such staffing would not be recouped with the revenue generated from 911 calls.

The situation simply stated is not if there is going to be a 911-emergency call unanswered, but when, if the current model is allowed to continue.

Sweetwater Medics would like to approach the board again for financial assistance to ensure that this situation doesn't happen and that Ambulance coverage for the citizens of the Sweetwater County is not only secure and adequate but is also cost effective for the tax payers.

The proposed short term assistance request is $200,000 for the next nine to ten months. This figure is derived only from the cost of additional staffing required for emergency coverage.

The long term proposal is during the remainder of year; Sweetwater Medics and Sweetwater County meet and develop a long term plan, goals to ensure coverage system wide for the coming years and growth of the county.

Our goal is to approach emergency response as a partnership between the Sweetwater County and Sweetwater Medics for the betterment and longevity of the emergency medical response system within the county. We believe that by forming a partnership and having a mutual commitment to this essential service, we can ensure that the issue of high quality emergency ambulance service for the constituents of Sweetwater County can be handled in a responsible and financially prudent means.

We look forward to discussing this critical matter with you.

Subject: Commissioners' meeting

Hi, Sally -

As per your request, this is the information regarding my request to meet with the Sweetwater County Commissioners:

I'm requesting that consideration be given to locating the Sweetwater Family Resource Center in the bank building recently purchased by Sweetwater County. If the Commissioners agree, I'd like an opportunity to discuss our facility needs with the people making decisions about location and remodeling prior to that remodeling being done. We would need approximately 2,000 square feet of space. If other agencies are also located in the building, it may offer opportunities to save if we plan ahead.

If more information is needed, please let me know. Thanks.

Kathy Garrison
Sweetwater Family Resource Center
875-3791 or 362-6549

Subject: FW: White Mountain Wind Energy Project
Attachments: scan0006.pdf; scan0005.pdf

To Whom It May Concern,

We have scheduled a 30 minute presentation/discussion concerning the White Mountain Wind Energy Project on Tuesday March 20th with the Sweetwater County Commissioners. We are hoping to discuss the below topics.

1. The Conditional Use Permit that was unlawfully denied by the county permitting 36 turbines. (I have attached the original conditional use permit clearly showing the application excluded the 36 turbine approved layout, please print and copy for each commissioner)
2. General discussion of the wind project and its current stage of development.
3. A summary of expenses to date on the White Mountain Project.

We will also bring a copy of the Environmental Assessment comprised of the following studies and reports.
Environmental Assessment

1. Introduction
   a. Background
   b. Purpose of Proposed Action
   c. Decisions to be Made
   d. Conformance with BLM Land Use Plans
   e. Relationship to Key Statutes, Regulations, or Other Plans
   f. Required Permits Or Authorization
   g. Scoping And Issues

2. Proposed Actions and Alternatives
   a. Description of Proposed Action
   b. Construction of Facilities
   c. Electrical Construction Activities
   d. Wind Turbine Tower Erection
   e. Operation and Maintenance
   f. Decommissioning
   g. Design Features of the Proposed Action and Alternative
   h. Alternative A-Development Only on Private Lands
   i. No Action Alternative
   j. Alternatives Considered But Eliminated From Detailed Study

3. Affected Environment
   a. Air Quality and Climate
   b. Cultural Resources
   c. Geology and Paleontological Resources
   d. Land Use
   e. Noise
   f. Socioeconomics

g. Soils
h. Threatened, endangered, candidate, proposed, and BLM sensitive species
i. Vegetation
j. Visual Resources
k. Wild Horses
l. Wildlife
m. Environmental Protection Measures

4. Environmental Consequences
    a. Air Quality and Climate
    b. Cultural Resources
    c. Geology and Paleontological Resources
    d. Land Use
    e. Noise
    f. Socioeconomics
    g. Soils
    h. Threatened, endangered, candidate, proposed, and BLM sensitive species
    i. Vegetation
    j. Visual Resources
    k. Wild Horses
    l. Wildlife
        I. Big Game
        II. Bats
        III. Raptors and Other Birds
    m. Environmental Protection Measures

5. Consultation and Coordination

If you would like a copy of this document it can be found online at http://www.blm.gov/pgdata/content/wy/en/info/NEPA/documents/rsfo/whitemtnwind.html . The complete Environmental Assessment can be located here.

Tasco Energy will also bring a draft of the Avian and Bat Protection Plan currently being written by Tasco Energy in coordination with the BLM and USFWS.

If you have a questions please call or e-maill me.

Thank you,

Jesse

RESOLUTION 07-10-ZO-05
TASCO ENGINEERING
CONDITIONAL USE PERMIT - COMMERCIAL WIND FARM

WHEREAS, Tasco Engineering has requested a Conditional Use Permit, in accordance with the Sweetwater County Wind Farm Regulations to operate a Commercial Wind Farm. This application is for a parcel generally described as:

> *Sections 1, 11 and 13 of Township 19 North, Range 106 West and Sections 11, 13 and 25 of Township 20 North, Range 106 West of the Sixth Principal Meridian, Sweetwater County, Wyoming.*

WHEREAS, the Sweetwater County Planning and Zoning Commission held a public hearing in accordance with the procedural requirements of the County's Zoning Resolution on September 12, 2007 to consider the applicant's request; and,

WHEREAS, after due consideration and discussion, the Planning and Zoning Commission voted 3-1 to recommend approval of the request;

WHEREAS, the Sweetwater County Board of County Commissioners held a public hearing in regards to this matter on October 2, 2007 and has given due consideration to the recommendation of the Planning and Zoning Commission and to all the evidence and testimony presented at the hearing.

NOW THEREFORE BE IT RESOLVED, that the applicant's request be APPROVED.

Dated this 2nd day of October, 2007.

Sweetwater County
Board of County Commissioners

Green River, Wyoming 82935

Attn: Sweetwater County Commission and Planning Department:

Re: Application for a Conditional Use Permit

Description of Project:

Teton Wind, LLC and White Mountain Wind, LLC are wholly owned subsidiaries of Tasco Engineering, Inc. (Tasco). The original ownership and thus the name on the land leases is T&T Energy Holdings, LLC. T&T is comprised of Tasco and Trilateral Energy, LLC (Trilateral), but Trilateral recently sold its interest in this project to Tasco and now Tasco is the sole owner of this project. ***Because this project will almost certainly be developed in phases, we respectively request that this application be treated for the ownership of Tasco and thus if a Condition Use Permit (CUP) is issued, we would like it issued in the name of Tasco Engineering, Inc.*** Tasco has been in the electrical construction industry for the past twenty-five years and has been developing wind power projects for the past seven years.

The most recent wind power development are projects recently constructed on Bigelow Bench, just a few miles west of Ft. Bridger, Wyoming. These projects are called Mountain Wind Power, LLC, and Mountain Wind Power II, LLC. They have been generating clean - green electrical power since March of 2008. Tasco is also performed the electrical construction on these projects including a twelve (12) mile transmission line from the project site to an interconnection point near State Highway 89 (Kemmerer Highway).

This application is for the permitting of the entire project as noted on the attached drawings, totaling 237 wind turbines. Please note that the project in its entirety is also being reviewed by the Bureau of Land Management (BLM) for the entire project of 237 wind turbines. Sweetwater County has requested that we (Tasco) submit an application for the entire project even though thirty-six (36) wind turbines have been permitted on the project site. Tasco would also like to note that an additional seventy (70) wind turbines will be constructed on public lands and do not require a county CUP, but because the county has requested that we submit for the entire project, we are now doing so. Should the county, after review and public hearing, issue a permit for the

entire project, then we would entertain the thought that the original permit be superseded by the permit issued for the entire project and land mass. If, however, this application is rejected, then we would like to be very clear that we do not want the existing CUP in the name of Teton Wind, LLC being jeopardized in any way.

It is our intent to construct this project in three or four phases of development. We have included the Plan of Development, drawings of the entire project, and drawings of the turbines being requested on the application.

Please note, if this permit is approved and Tasco is issued a permit for the entire project, then we would respectively request that the original CUP of thirty-six (36) turbines be re-aligned with the array noted on the larger project. We have included a drawing (WM 05) representing the original CUP placement of turbines, as well as the suggested re-alignment.

Another point of consideration needs to be made at this time. The placement or the represented placement of the wind turbines is ***schematic*** in nature, and not the exact or final placement of turbines for the project. We, again, respectively request that if placement is changed for any of the following reasons, or other reasons that may arise as the project construction draws nearer, that we will not be subject to time and effort to submit additional conditional use permit applications, but submit changes and have the county staff review and approved.

The factors that would mandate changing the placement are as follows:

1. The turbine layout is for the GE1.5MW turbines, and if the turbines are not available or competitive in pricing, then we respectively request that the county staff review additional or replacement drawings for the exact placement of the turbines without the entire additional time, money, and effort of the conditional use permitting process.
2. Environmental factors, such as cultural sites, may mandate that the turbines be changed from the array shown.
3. Larger turbines require different spacing for the manufacturer to guarantee or warrantee the output; therefore, re-alignment or changes in location may be necessary to have the project gain the necessary warrantees or guarantees.
4. The land survey may show physical factors that make it impossible to construct at a location now noted on the drawings.
5. Geotechnical information may indicate that a specific location is not the most desirable.
6. Micro Siting by a manufacturer.
7. Micro Siting by the installer.

Owner Consent:

Tasco has been working with the Rock Springs Grazing Association (RSGA) in an effort to satisfy their desires to comply with the NEPA process required by the Bureau of Land

Management (BLM). The NEPA process will be completed within the next 60 days, but the Plan of Development has been approved and is included for the county's review. A land lease with RSGA is attached for your review.

Applicant/Owner Information:

Tasco Engineering, Inc.
3375 West Mayflower Ave, Suite A
Lehi, Utah 84043
801-766-9500

Attn: Gary D. Tassainer

Project Rational:

There has not been a time in our history when the citizens of our nation have been more concerned about our environment than now. Renewable energy is the buzz word of our time. We have become far too dependent on foreign oil. We are becoming more aware of the harmful emissions of fossil fueled energy sources. The debate on green house gases will rage on for the foreseeable future, but one thing is certain – we must produce more energy to meet our needs.

For those that are fearful of their jobs within the fossil fuel industry, or their incomes from drilling and producing fossil fuel – there should be absolutely no fear. If all of the wind resource in the United States were developed, it would meet less than 15% of our projected needs. However, wind energy will be developed as long as we need renewable energy in the United States.

Additionally, Tasco has been contacted by no less than twenty (20) contractors in the Rock Springs area about being a part of the construction process. The natural gas and oil downturn has created a job deficit in the area. This project would be an asset to the employment base in the county as well as providing tax revenue for the county. Uinta County is receiving over two million dollars ($2 million) per year of tax revenue from the wind projects that are presently operating in Uinta County. Actual statements from Uinta County are included in Attachment C.

Generally, Wind Turbines are mounted on steel towers up to 80 meters or over 250 feet. The blades could feasibility extend an additional 44 meters or nearly another 150 feet. The total height could be over 400 feet. Wind turbines are very large and very heavy, but have become very productive and efficient.

Tasco Engineering, Inc. plans on negotiating a contract (Power Purchase Agreement) with PacifiCorp. There is a possibility that power could be sold to California or other adjacent states. The project will be interconnected with an existing PacifiCorp 230kV line now crossing the subject project area.

Some of the power will be used by local customers; some will be transported to the Salt Lake City area.

The project will be developed under Tasco Engineering, Inc. There are known restrictions in transmission access, and our land lease agreement are with Rock Springs Grazing Association (RSGA), BLM, Wyoming State, and we are seeking a land lease from ANADARKO.

Wind projects have a life projection of 20 years. Most of the financing is done on a twenty year period; some are done on a 25 year basis. Repowering could occur depending on the economics of the future.

Drawings, graphs, and pictorials are included as attachments to this application. A Plan of Development is attached for your review.

General Discussion:

Capacity Factor (CF):

Capacity Factor is a term used to predict or estimate the efficiency of a project site. Wind projects generally range from 30% to 42% in terms of capacity factor. Eastern Wyoming – Foote Creek is nearly 42%, projects in Utah are closer to 30% because of the wind velocities over a measured year. The percentage cf is a term used to describe the total production of a given machine with a given rating over a 24 hour/365 day year. Therefore if a machine is rated 1,500kW at 35mph winds, and a site had 35mph wind 24/365, the site would be rated with a cf of 100%. We do not know of a site that miserable, but there are sites that have ratings at or above 40% or have a cf of 40%, meaning that on a 24/365 base, a given machine would produce 40% of its full capability.

Visibility:

The project visibility is represented and depicted on the attached application.

Noise:

No noise will be heard at a distance of 1,000 feet or more from either layout. If a person is within 1,000 feet, a whooshing sound will be detected, but no mechanical noise. We have included for your reference a decibel level comparison chart – see Attachment E.

Size:

This project size in terms of turbines has been discussed. Depending on the timing of the development process, the project could be fitted with 1.5MW turbines up to 2.5MW turbines. Turbines are not available until 2010 on the open market, but if the project is purchased by a large utility, then the utility could have turbines that could be installed in 2009. The project could range in size from 200MW to 300MW depending on turbine availability and approved turbine layout.

Schedule:

We are projecting that this project could begin construction in 2009. Production of energy would be in 2010 until 2030.

Environment:

Production of renewable energy is a major selling point to most citizens. We have worked with BLM lands for crossings and turbine construction on the adjacent BLM lands. We expect a Finding of No Significant Impact (FONSI) to be issued by BLM in June of 2009.

We appreciate your time and effort to evaluate our request.

Sincerely,

Gary D. Tassainer, PE
President
