Manuel A. Castillo met this day with the Board requesting consideration of a onetime investment to assist the newly formed Viet Nam Veterans Counseling Center in the amount of \$20,000.00. Following the discussion the Board informed Mr. Castillo that Sweetwater County would not be able to give him the funds as the present budget is already set but would write a letter of support so that he could apply for a Community Development Block Grant.

Lee Harms, Dan Bennett, and Eugene Smith representing the Farson-Eden Fire District came before the Board seeking a firm committment from them regarding additional equipment needed to enable them to utilize a paging system which had already been pruchased. Mr. Bennett stated that they had been working with the

Sheriff's office for over three years in an attempt to purchase the necessary equipment. Undersheriff Larry Paine told the group that to purchase the equipment now was a waste of money since in a year when the E911 System is to be in place, their equipment would not be needed. He also stated that new disbatch center equipment was needed for the E911 System which he estimated will cost approximately \$123,000.00. The Board told the Fire District representatives that should it not be feasible to purchase the new disbatch center equipment in the next budget year, the Fire District needed equipment would be purchased for them.

A motion was duly made by John L. Yerkovich, seconded by Fred Radosevich and carried that a 140 motor grader series G be purchased from Wyoming Machinery Company for the amount of \$139,036.00.

A motion was duly made by John L. Yerkovich, seconded by Fred Radosevich and carried that the following Resolution be approved:
